## ELECTRONIC DATABASES

To access library databases go to the Library homepage (<http://www.lib.muohio.edu/>) and choose Research by Subject area, then select Finance.

### **Hoover's**

This database includes information on more than **12 million US and non-US companies**. In-depth coverage of 40,000 companies includes data on company history, key executives, products/operations, subsidiaries/affiliates, industry information, competitors, news, financial data and ratios, and SEC filings.

### **Mergent Online**

This database contains financial data on 15,000 US and 20,000 international publicly held companies. Information provided for each company includes a business description, history, company financials, property, subsidiaries, officers and directors, long-term debt and capital stock data. Company archives include data on inactive companies back to 1996. Annual reports are available as PDFs for approximately the last 5 years. It also includes access to EDGAR, with full-text SEC filings back to 1993.

## STOCK WEBSITES

**Bigcharts** – <http://bigcharts.marketwatch.com/>

A great site for stock charts, as well as traditional quotes. Also a good source for industry information and historical stock prices.

**Finance Yahoo** – <http://finance.yahoo.com/>

A good site with charts, quotes, historical stock quotes, articles, and company profiles.

**MotleyFool** – <http://quote.fool.com>

Stock quotes, earnings calendars, SEC filings, and more.

**Quote.com** - <http://new.quote.com/>

Current quotes, currency exchange information, and international stock market data
