

## ECONOMIC CENSUS

Follow the [Business & Industry Statistics web guide](#) to locate information in the Economic Census.

### QUESTIONS

1. Find the NAICS number for companies that manufacture frozen orange juice. Give the number you found.
  
2. Find the industry report from the 2002 census covering frozen juice. Find a table in this report that gives statistics for specific juice flavors, such as orange juice. What is the value of product shipments for frozen concentrated orange juice, size 12.1 oz or more, for 2002?
  
3. Go to step 3 on the Business statistics web guide and click on County Business Patterns. Select “View County, State, U.S. ... Database ... NAICS basis.” In the select a state box, choose United States then click on the “Go” button. The table shown is for the most recent year available. What is that year? \_\_\_\_\_  
Find the first 2 digits of the frozen juice NAICS number. Click on the detail button. Match your NAICS number to the new listing. How many establishments in the U.S. are involved in this industry?  
\_\_\_\_\_ Click on the compare button. Which state has the most total establishments?  
\_\_\_\_\_
  
4. Return to the web guide and continue with step 3. Click on the manufacturing sector link. Under Manufacturing, click on the Annual Survey of Manufactures. Find Statistics for Industry Groups and Industries and click on the title. Then click on the most recent year of that title listed. Find table 2 and look for the frozen orange juice NAICS number. What is the closest NAICS number you can find?  
\_\_\_\_\_ This is the closest you can come to orange juice in this title. How many employees are in this industry for the most recent year given? \_\_\_\_\_ What is the total value of shipments?  
\_\_\_\_\_
