What Students Gain

- Access to resources not available at school
- Internet and information evaluation skills
- Meeting with and learning from experts in their field

What Students Gain

- Understanding of what a university is
- 1st experience of college life
- Self responsibility
- Different bonding than that which occurs at school

What Miami University and Miami Libraries Gain

- Understanding students' preparation for college academics
- Understanding younger students' thought processes
- Future Miami students

Future Plans

- Miami University librarian work again with students, now in 7th grade
- Involve the MVS librarian prior to and with visit to Miami
- Formal evaluation of program (including students, Miami participants and MVS faculty)

Thank you. Questions?
